***Winter Seminar***

***“The Cancer Battle Plan,  
Nutrition, & Immunity”***

This one day program is designed to provide an understanding of the different approaches in the prevention and treatment of cancer . You will find that cancer need not be a dreaded disease or death sentence, but another illness that can, and will be defeated.

Alternative approaches to cancer treatment mostly aim to enhance the body's own natural defenses by use of immune modulators that stimulate the immune system to attack cancer cells, will be discussed as well as the integrative approaches with compatible alternative approaches.

This program will be beneficial to Medical Doctors, Nurses, Dietitians, Food Service Managers, Diet Technicians and Dietary Staff.
